100+

speaking, workshop and training engagements since 2025

3 programs

highest-rated SCORE Austin speaker for best presentation and most valuable topic

Statewide

Governor's Small Business Summit speaker and panelist

Signature Speaking Topics

- 1 AI as Your Thought Partner**
Think better, work smarter and make stronger decisions by moving beyond basic prompting.
- 2 Prepare the People Before the Platform**
Build confidence, reduce resistance and lead responsible AI adoption that connects to business priorities.
- 3 The AI-Ready Workforce**
Strengthen AI literacy, responsible-use habits and the skills people need in an AI-enabled workplace.
- 4 From AI Curiosity to Confident Action**
A practical, accessible session for mixed-experience audiences that need clarity without technical overload.

GOVERNOR'S SMALL BUSINESS SUMMIT

Why planners bring Teri in

- Live demos and real audience scenarios
- Business-first, nontechnical delivery
- Practical takeaways participants can use now
- Sessions tailored to the organization and audience

PROOF OF IMPACT

II

Teri is an OUTSTANDING speaker. Her breadth of knowledge on AI is incredible... She shows everyone in real time how to use it... We have asked her to speak at three conferences and workshop series now, and in all three, she was rated the highest speaker for best presentation and most valuable topic.

Shannon Black
SCORE Austin Chair
